Her Majesty’s Inspector (HMI), Further Education and Skills

Grade: HMI

Section 1: Job description

Context

Ofsted is the Office for Standards in Education, Children’s Services and Skills. We inspect and regulate services that care for children and young people, and services providing education and skills for learners of all ages. Every week, we carry out hundreds of inspections and regulatory visits throughout England and publish the results online. We also report on standards across the country and are accountable directly to Parliament. Ofsted’s inspections are independent and impartial.

HMI, Further Education and Skills roles will be filled by experienced professionals with the highest levels of skill needed to observe and report objectively on standards and effectiveness, with the capacity to analyse and make sound judgements on the basis of evidence gathered during inspection activity.

Overall purpose

Reporting to a Senior HMI, all HMI, Further Education and Skills are accountable for leading high impact inspection of further education and skills provision in a variety of settings, developing a critical understanding of each provider within a specified caseload, informed by incisive, accurate analysis of information.

Key accountabilities

The key accountabilities of the role are outlined below. However, this is an overview of the role and is not exhaustive. Ofsted reserves the right to assign other duties commensurate with the grade as required.

- Undertaking the lead and team inspector role on the inspection of a variety of further education and skills providers, including general further education colleges, sixth form colleges, independent learning providers, prisons, work based and community learning providers on short and full inspections and monitoring visits.

- Applying professional judgement in arriving at inspection judgements that are based on robust evidence and as outlined in the inspection framework and FE & Skills inspection handbook.
• Ensuring that all judgements are rooted in firm evidence and are defensible against challenge; being a role model for Ofsted’s values, acting at all times in the interests of children, young people and learners, not those of providers, or self.

• Providing information and expertise contributing to routine analysis of inspection evidence and grade profiles, assisting Senior HMI to consider the issues presented.

• Monitoring providers causing concern, providing reports and updates to Senior HMI, Regional Directors and HMCI as required.

• Undertaking the role of Link HMI for a group of contracted inspectors. Acting as a professional mentor to these inspectors, monitoring the quality of their inspection practice and contributing to their continuous professional development as part of a high-quality inspection workforce.

Other responsibilities

• Playing an active role in the development of regional and national networks for HMI and Ofsted Inspectors to ensure a regular and effective flow of information across and between the national inspection workforce for Further Education and Skills.

• Reporting local concerns about individual colleges and other providers, escalating issues to Senior HMI and Regional Directors, signalling when improvement is not rapid enough ensuring that action is taken and suggesting recommendations where governance is weak.

• Providing specialist expertise to colleagues in other inspection remits.

• Contributing towards inspector training.

• Participating in monitoring standards in subjects and aspects of the relevant curricula.

• Leading or contributing to the development of projects.

• Contributing to national reviews or surveys.

• Undertaking quality assurance, report moderation responsibilities and complaint investigations.

• Undertaking briefings for HMCI, regional directors, the National Director, Education and Ministers, and contributing to the evaluation of the effectiveness of government initiatives and strategies.

• Contributing inspection-based advice to HMCI and to government; writing and making contributions to reports, including HMCI’s Annual Report and publications, regional reports and undertaking dissemination on a wide range of further education and skills topics.
- Representing Ofsted locally, regionally and nationally as required.

- Ensuring the safeguarding of children and students is paramount and at all times leading by example. Demonstrating and embedding Ofsted’s core values of putting children and students first, upholding our independence, and exhibiting accountability and transparency in all we do.

At all times, the post holder will be expected to demonstrate a positive commitment to equality and diversity and operate in accordance with Ofsted’s policies and procedures.

**Additional requirements of the role**

The role is home-based and will require significant travel including overnight stays, evening and occasional weekend working.

HMI are required to work flexibly to meet the needs of the business and the availability of providers; this may include some evening or weekend work to support improvement, for example to meet with providers, or contracted inspectors, in the evening or during the weekend.

HMI will also have the opportunity to hold a temporary National Lead responsibility to be an expert in a specialist area; this is additional to the core job role of HMI and attracts an enhanced responsibility allowance alongside the total salary package. All individuals who are fully trained and performing to a good standard will be eligible to apply for this extra responsibility.

Ofsted have identified this role as one which will require an enhanced criminal record check via the Disclosure and Barring Service (DBS). This role will bring you into direct contact with children or vulnerable adults and give you access to material or sensitive information about children or vulnerable adults.
